Dipont Education Management Group

*Dipont Education* is a leading Chinese educational services company with a particular focus on the delivery of overseas curricula to Chinese students. In affiliation with highly regarded public high schools, we currently manage 14 A Level Centers (UK curriculum) and 7 AP Centers (US curriculum) in a range of locations across China.

We also co-ordinate international educational exchange programs, summer programs and provide emigration and study abroad consultation.

*CACS (College Admission Counseling Service)* is a Chinese education management company based in Shanghai with offices around China. We provide college counseling services to Chinese students interested in highly selective U.S. colleges and universities. Our counseling team consists of professional college counselors who worked in highly selective U.S. admission offices, Chinese college counselors and recent undergraduates from similar colleges who can share their undergraduate experience. In addition, we are dedicated to providing comprehensive college counseling training to Chinese counselors in an effort to strengthen relations with U.S. colleges and universities. For CACS, the ultimate goal is to bring U.S. universities and Chinese students together and to enrich the understanding and appreciation of both cultures.

**Location:** Multiple locations in P. R. China

**Compensation:**
Our salary scale is very competitive (and comparable to teachers’ salaries in the U.S.) and other benefits tailored for expatriate incumbents and Chinese nationals respectively.
Subject Teachers

Dipont Education manages western curricula centers within some of the most highly regarded public high schools in China. We deliver A level, AP and ‘pre-IB’ programs for our 21 partner schools across 14 cities in China. We currently have over 4,500 students enrolled in our programs and employ over 250 teaching staff. Significant expansion within our existing locations, as well as the opening of new centers and programs will create a wide range of opportunities at all levels for the next academic year.

A competitive salary combined with the low cost of living in China means that teachers can enjoy a high disposable income and savings potential. Teachers looking for the opportunity to develop their international career will find genuine potential for career advancement across our network of centers and the chance to work with exceptionally motivated and capable students.

Opportunities exist for:

• Leadership roles: Center Principals and Academic Quality Managers
• A Level Centers for: Maths, Further Maths, Physics, Chemistry, Biology, Business Studies, Economics, Accounting and ESL
• AP Centers for: Calculus, Physics, Chemistry, Economics, ESL and Statistics
• ‘Pre-IB’ Centers for English Language, Business Studies, Economics, Mathematics, Physics, Chemistry and Biology

Role summary:

• To provide the best possible teaching and learning processes and environment for the students
• To facilitate the attainment of each student’s full potential and to develop non-academic as well as academic skills via the teaching of the subject
• To work effectively as part of a center team and with other subject specialists based in other Dipont centers

Qualification:

• A recognized teaching qualification, a graduate degree in education, or a doctorate in related subjects
• Experience in teaching post 16 students in A Level, IB or AP programs preferred
• The ability to deliver a 2nd subject would be advantageous, but not essential
• Experience of working with ESL students advantageous

Responsibilities and Tasks:

1 Classroom Management:

• Establishing a classroom climate conducive to effective learning.
• Making a significant contribution to improving the performance of the students.

www.dipont-edu.org  www.cacs.org.cn
• Preparing weekly lesson plan and making them available on request to Center Principal
• Encouraging productive teamwork among students.
• Ensuring that the Center’s code of conduct is applied.
• Providing an example to the students.

2 Student Assistance:
• Using a variety of means for overcoming weaknesses among students.
• Displaying a positive and constructive tone of voice that encourages a healthy relationship with students.
• Giving all students the same attention.
• Employing a variety of instructional techniques and instructional media.
• Making some provision for being available to students and parents for education-related purposes outside the instructional day.

3 Student Evaluation:
• Providing a complete summary of the student’s performance in the subject, covering results of tests, daily work, lab exercises and projects.
• Describing the student’s classroom behavior, overall disposition, and attitude to subject, teacher, and classmates.
• Specifying the skills, which the student uses without difficulty, has mastered, or must address.
• Conferring with parents regarding student’s progress, strengths and weaknesses

4 Professional Involvement and Growth:
• Participating in the selection of textbooks and other instructional materials and equipment where appropriate.
• Contributing to the continuous improvement of the educational program.
• Working with the Center Principal, Center Director, members of the AQM Team and other staff members in a positive and cooperative manner.
• Keeping abreast of new trends in education and new ideas in his/her specific teaching field.
• Setting an example of high moral, ethical and professional standards.
• To participate fully in the Teacher Evaluation process and engage in the feedback process with a view to improving professional performance over time.

Location: Multiple locations in P. R. China

Compensation:
Our salary scale is very competitive (and comparable to teachers’ salaries in the U.S.) and other benefits tailored for expatriate incumbents and Chinese nationals respectively.
