

Our Goals:

- To promote effective postsecondary programs for replication at higher education institutions across the nation and to actively position your college to be successful in the pursuit of funding opportunities
- To conduct research and disseminate proven solutions for replication of the Bellwether winning programs
- To provide a platform for members to collaborate on potential joint ventures while having access to educational thought leaders

For more information of the Bellwether College Consortium:

<http://education.ufl.edu/futures/bellwethercc/>

For additional membership information, contact Tina O'Daniels, Ed.D. odaniels@ufl.edu.

Every year, Bellwether finalists are competitively selected from over 400 nominations for the prestigious Bellwether Awards.

Our Member Benefits include:

- Three complimentary registrations for the 2015 Community Colleges Futures Assembly where you will be given proven solutions to programmatic issues on **January 24-27th** at the Hilton Walt Disney World Resort in Orlando, FL
- Substantially reduced registration fee for the **26th International Conference on College Teaching and Learning**
- Access to support services and research capabilities offered by the University of Florida Institute of Higher Education's **Applied Research Centers**
- Leverage the partnership power of a renowned national consortium
- Reduced fees and exclusive access to upcoming workshops for proven solutions by Bellwether Award winning programs
- Attend upcoming webinars with highlighting proven solutions by Bellwether Award winning programs and leading edge technology partners
- Special sessions for BCC members at the AACC and ACCT annual conventions
- Opportunities to participate in leading edge technology development
