Clinical Information	
<p>Please provide a brief description that would help introduce your site to students. UF Health offers two types of internship opportunities. The first is our outpatient program, PALS, which is a Nobel Prize nominated non-profit organization that offers mental health services and positive programming opportunities to local middle and high school students at their schools. After completing the outpatient internship, students are eligible to work on child/adolescents, adult, or substance abuse inpatient units. Practicums/internships are highly clinical with much therapeutic experience and supervision. Students who successfully complete the internship will also receive the Presidential Volunteer Medal of Honor with a letter of congratulations from the President of the United States.</p>
