

## **Improving Social, Emotional, Behavioral, and Academic Functioning of Elementary School Students through the Interconnected Systems Framework**

Subaward to University of Florida  
Joni Williams Splett, Ph.D., Co-PI  
Scope of Work

Dr. Splett will provide guidance and leadership for ISFE intervention implementation. Dr. Splett will attend weekly project team meetings via telephone conference and attend a cross-site research meeting once annually in person. As a member of the ISFE Leadership Team, Dr. Splett will provide guidance on the readiness and implementation phases of the ISFE in randomly assigned study schools. Dr. Splett will also assist with the development of project reports, publications and dissemination activities, and will assure communication with national leaders as to the study's progress and outcomes.
