

## **Louisiana Pathways 2021 Proposal**

This grant is to assist the Louisiana Department of Education with executing the Louisiana Pathways Early Learning Center Career Development System, which is committed to improving the quality of child care throughout the State of Louisiana. This is accomplished by supporting early childcare professionals in furthering their careers and by providing the recognition they deserve. Pathways provides this support by providing scholarships for training and education, tracking training received by child care professionals and by recognizing their achievements.

Early childcare professionals in the state of Louisiana will receive ongoing education, and LA will be able to track their training.
