

This award helps children gain a high-quality education and the skills to master the Florida Standards. Title 1 provides additional resources to schools with economically disadvantaged students.

This award provides equitable services for allowable activities focused on recruitment, development and retention of teachers, with a focus on mathematics learning for instructors at PK Yonge with a direct impact on student learning.

This award provides improvements in student academic achievement by increasing the capacity of state and local educational agencies in the following areas by:

- providing all students with access to a well-rounded education,
- improving school conditions for student learnings to support safe and healthy students, and
- improving the use of technology in order to advance digital literacy of all students.

At PK Yonge, the award supports Project Lead the Way, where students experience transformative learning in hands-on STEM courses.
