University of Florida Scope of Work

Project Title: Data Science Methods for Digital Learning Platforms Training Program

Program: IES: Research Training Programs in the Education Sciences

Project Period Dates: 07/01/2023-06/30/2026

The project team at the University of Florida, led by Dr. Botelho, will support the design, development, and execution of the proposed methods training program. Within this, the project team at UF will coordinate with other instructors, create open instructional resources, participate in synchronous and asynchronous discussion sessions with participating fellows, and help in the collection and analysis of data for the purpose of program evaluation. Dr. Botelho will oversee a graduate research assistant who will aid in these tasks in addition to coordinating with the broader project team to support activities related to the methods training program.
