

University of Florida
Anita Zucker Center for Excellence in Early Childhood Studies
Embedded Instruction California Project
2023-2024 Scope of Work
July 1, 2023-June 30, 2024

The Anita Zucker Center for Excellence in Early Childhood Studies (AZCEECS) at the University of Florida will (a) provide ongoing implementation support and technical assistance to the DR Access Project focused on practice-based coaching, Embedded Instruction for Early Learning, and relevant universal and targeted teaching practices from the Pyramid Model; (b) work with the DR Access Project and the California Department of Education, Special Education Division (CDE-SED) to establish and implement ongoing quality assurance activities related to the above; and (c) work with the CDE-SED and the DR Access Project in review of the revised Desired Results Developmental Profile (DRDP) and ensuring alignment of EIEL-CA materials with these revisions.
