

Scope of Work (Newbutt, Uni. Florida)

Dr Nigel Newbutt:

Co-PI Newbutt will assume responsibility, management, and leadership of articulating the learning outcomes and learning design for the collaborative virtual environment. He will recruit the GRA, manage the design and development of the learning materials and scenarios (with assistance/input from the GRA), and work with wider team to ensure the CVE experiences are co-developed and created with our autistic groups.

GRA:

The GRA will be responsible for delivering both the learning scenarios and locating theories to develop effective scenarios. They will work closely with Newbutt to co-design the experience with autistic stakeholders and support the technical development of the tool.
