| EME 6609 Instructional Design | | | Offered Spring 8W1 | | | |
| EME 6637 Managing & Analyzing Multimodal Educational Data | | | | | Offered Summer 8W1 | |
| EME 6651 Learning Analytics Concepts and Techniques | | | | Offered Spring 8W2 | | |
| EDG 6910 Supervised Research (Ed.S.) | | | | | Offered Summer 8W1 | Offered Summer C2 |
| EME 7938 Seminar in Ed Media | | | Offered Spring 16-weeks | | | |

*Please note the university made the decision to eliminate the Summer 8W1 term. If you have a Summer 8W1 course on your program of study, please look for it under the Summer C registration tab. Because all other M.Ed. courses with the exception of the culminating experience (EME 7938) are 8 weeks long, the Educational Technology courses offered during Summer C will run for the first 8 weeks of summer. This applies only to Ed Tech courses. Consult the appropriate program if you take a Summer C course outside our Ed Tech program.
