<b>EDG 6910</b> Supervised Research (Ed.S.)					Offered Summer 8W1	Offered Summer C2
<b>EME 6074</b> Mobile Technologies in Education	Offered Fall 8W1					

\*Please note the university made the decision to eliminate the Summer 8W1 term. If you have a Summer 8W1 course on your program of study, please look for it under the Summer C registration tab. Because all other M.Ed. courses with the exception of the culminating experience (EME 7938) are 8 weeks long, the Educational Technology courses offered during Summer C will run for the first 8 weeks of summer. This applies only to Ed Tech courses. Consult the appropriate program if you take a Summer C course outside our Ed Tech program.
