Avg UF VAM = Avg math/reading VAM score of completer trained and teaching in field

Beginning with the 2022-23 academic year, Florida implemented new statewide, standardized assessments in English Language Arts (ELA) and Mathematics: Florida Assessment of Student Thinking (FAST) aligned with the new Benchmarks for Excellent Student Thinking (B.E.S.T.) content standards. Because the 2022-23 assessments measure B.E.S.T. standards while the 2021-22 assessments measure the Florida Standards, VAM results for the 2022-23 academic year (which would have relied on comparing the two) are not available. VAM results will resume in the 2023-24 academic year.
