

# Ed Committee Technology & Distance Ed Committee Notes - 8.7.2023

## Present: Helena, Tom, Walter, Bojan, Katy, Magdi

Review of Feedback from 2023 Spring Summit. Moving forward, explore:

- Presentations / content alignment
- A longer summit (full day?)
- Strategic participants
- Dr. Dana - perhaps a working session with more fleshing out of action / next steps. "One more step toward action."
- Dr. Castaneda-Rios - "what are they walking away with?"
- Dr. Dana - need some data (graduate level, online, disaggregated) - Elayne Colon, Nathan

Instructional design Update (Kevin Coulson& Kayla)

- Instructional Designers at ETC
  - Domenic Durante (Assistant Director, Educational Technology)
  - James Rigney (Senior ID)
  - Anthony Nappi
  - Robin LeCain
- UF Resources
  - ETC Instructional Design Team (Internal to the College of Education) (<https://education.ufl.edu/etc/services/instructional-design/>)
    - Able to assist with Canvas LMS as well as external or public-facing learning management systems or websites that require instructional design (i.e. grant-specific needs, etc.)

  - Center for Teaching Excellence (<https://teach.ufl.edu/>)

Course Development

- [Diagram of ID Process](#)
- By 2025 - most courses should be migrated to digital-facing modality
- Robust efforts require multiple departments/ sources of funding/ strategy
- Dr. Rios- Explore minority-serving institution status; what would that look like? Where do we stand substantively, statistically?

Minority Enrollment

- HB 1035 - line 256? - public school teachers get 6 credits per semester !
- Elayne Colon monitoring

#### Blue Ribbon - ramp up course development

- Initially conceived as a scale up starting small, has not continued since last summer. Revisit this for Summer 2024
- Drs. Lazarevic & Castenda Rios - Blue Ribbon process immensely helpful - \$2,500 stipend
- Dr. Dana - let's begin recruiting for a new cohort; explore funds
- Dr. Lazarevic - "Course Blueprint Process" Use of master blueprint shell –a certified course that can be lightly iterated upon utilizing a single shell across sections.
- Sequencing - very difficult to do many at one time; many 5-10; Dr. Rios - a single course can have a trickle down effect as instructors go through process/ informs practice

#### Other Items

- AI student-generated work - Dr. Dana - new pedagogy required in light of generative AI tech. "Inevitably change how we work".
- Explore what UF is offering; what we might be able to offer in COE
- Assessments will need to be rethought - "tactile", soft skills?
- December meeting - ETC / Dominic offers a clinic of some sort
