This committee will consist of two people from each school. This committee shall develop long-range plans and recommend priorities for the College of Education. Each year the committee shall examine one or more aspects of the long-range plan of the college and submit a written report with recommendations to the Faculty Policy Council.

 - Reviewing the college strategic plan:
 - Ahmad will reach out to Dean Good and ask for the latest Plan
 - The committee will review the plan offline
 - The committee will meet in Spring to come up with recommendations for one area related to long range planning
 - The committee will correspond via email until next meeting if needed
 - Deans evaluations:
 - Four deans' surveys should be sent to faculty for evaluation in Spring (March)
 - Reach out to Chris Redding for the surveys to be shared with Ahmad
 - FPC meetings: Ahmad will reach out to Ashley to see if any FPC member would like to be a liaison of LRP committee to have access to the meeting notes and reach out to us with questions if needed instead of having one member from this committee attend the FPC meetings given the charges that LRP committee is working on.
