in Florida classrooms

**100%**

Program completers  
with full teaching certification

**100%**

Program completers pass the  
Florida Accomplished Practices

If you are interested in teaching math, science, English, or social studies at the secondary level (6-12 grade) and want strong coursework and a rigorous supervised field experience in your content area, this program is for you!

Our online secondary teaching preparation program is at the post-baccalaureate level and leads to Florida Teacher Professional Certification. This certificate program is an approved Florida Department of Education Educator Preparation Institute (EPI).
