

For the past six semesters, Projects for Haiti, Inc. (P4H), a local 501c(3) nonprofit, has been privileged to offer an internship experience to University of Florida and Santa Fe students. This internship has both benefited P4H and assisted in professional development and experience for students.

P4H is a rapidly growing non-profit organization located in Gainesville, Florida. Our mission is to **create** projects that foster sustainable development in Haiti, **support** Haitians through empowerment, and **connect** Haiti to the world via alliances and partnerships. We hold the privilege of granting students various internship opportunities that allow them to use their knowledge, obtained through your department, in real-life settings, and to ultimately gain hands-on-experience.

The following document provides detailed information about each department's intern responsibilities:

<https://docs.google.com/a/projectsforhaiti.org/document/d/1BtglwyYsgp5v8sxrR7lb1e29MmcJPljMNjZ5zuip24k/edit>

Cover Letters and resumes, both of which are necessary to be considered for this opportunity, can be e-mailed to interns@projectsforhaiti.org. We are accepting applications through July 22nd, 2015 with a rolling application process. Questions may be sent to Krisinda Bouton, our Volunteer Service Director, at krisinda@projectsforhaiti.org
