

2015 Graduate Student Research Day
October 27, 2015
Reitz Union Grand Ballroom
Theme of the Day: RESEARCH

GSRD includes a competitive poster session, panel discussions and a keynote address by President Kent Fuchs. President Fuchs will talk about his vision to establish UF as a national leader and a voice for higher education. The day-long event provides opportunities to graduate students (and undergraduate students participating in research) to refine their academic communication skills, learn from their peers and mentors, and network with people from across disciplines.

All College of Education graduate students are encouraged to present their research at this event. It is an excellent forum for students early in their graduate programs, as well as an opportunity to develop a poster and present in advance of a national or international conference.
