

Join us Summer A 2017 in FLORENCE!

Insects in Italy

The Role of Entomology *in* Art, History *and* Our Future

ALS 4404

LEARN THE HISTORY of how insects, fungi, and insect-vectored diseases have shaped the food we eat and human history by exploring art, science, and food production in Italy. You will visit multiple museums and historical locations and tour agricultural operations to explore these intertwined disciplines.

COURSE HASHTAG: #UFBugsinItaly

We encourage you to share course-related photos and information using the course hashtag or #GlobalGators on Twitter and Instagram.
