Gardening & Art Research Study

for Women Ages 26-49

The UF/IFAS Environmental Horticulture Department at the University of Florida is seeking healthy women between the ages 26-49 with little to no gardening or art experience. Volunteers will participate in hands-on gardening or art sessions over a 5-week period. Sessions will occur biweekly and each last about one hour. Participants may receive plants, art, educational materials, and VISA gift cards as compensation.

For more information, please contact Ray at (352) 273-4525.
