

Graduate assistantships available!

Earn your graduate degree from one of the top 10 public universities in the United States. Our programs offer a foundation in youth development, nonprofit leadership, and family and community sciences.

MS in Family, Youth and Community Sciences

Our Master of Science degree (on campus or 100% online), will help you develop the skills needed for leadership roles in youth development, human services, nonprofits, or other community initiatives.

Ph.D. in Youth Development and Family Sciences

Our Ph.D. program prepares students to be faculty members, scholars, and researchers in fields including human development and family studies, family and consumer sciences, and child and family development.
